

BILINGUAL DAY CAMP

OFFERED BY
WESTBORO ACADEMY

Day Camp for children from
4 to 9 years of age

SUMMER FUN AT BREWER PARK

**June 21st — July 30th, 2010
Weekly Themes**

Come and have fun with us this summer!

Campers are encouraged to develop their bilingual skills, however, all campers are welcome, regardless of their linguistic background. Westboro's bilingual summer camp is led by experienced, dynamic camp leaders and counsellors.

We are located on the grounds of Westboro Academy, which is a bilingual private school in Ottawa's Brewer Park, near Carleton University. Children come together to enjoy the beautiful days of summer.

The playing fields, the water park, the playgrounds and the swimming pool and the air conditioned school are all there for us to use and explore. Music programs, gym activities and art programs are all offered as part of the camp. *Summer Fun in Brewer Park* is an adventure not to be missed!

For more information, please contact Westboro Academy.

SUMMER FUN IN BREWER PARK

Summer is Here!

June 21st —June 25th

Let's celebrate with fun games, team sports, challenges and crafts! It will be the longest recess of your life!

Sports

July 5th—July 19th

Play hard! Participate, learn and have fun! Develop confidence and learn to be proud. Our gym teacher will lead us through a wide variety of sports. We will discover the importance of working as a team. You will discover a strength you did not know you had, or you can share your skills with others.

Safety

July 19th—July 23rd

Be safe! It is always important to play safe! This week we will have invited guests to help us learn the importance of playing safe. Visitors from Play Safe, CNIB, police officer, fire fighters and life-guards will come and speak to campers. Safety is the main rule in sports. At the end of this week, you will graduate as a safe participant!

Farm Life

July 12th—July 16th

If you've eaten today...thank a farmer! This week we will discover the importance of farming. Could a family live off of a their farm? What animals provide which foods? Why is it important to garden? We will learn about the hard work of farm life, and how essential it is for everyone on earth.

Under the Sea

June 28th—July 2nd (closed on July 1st)

There is an entire community ready to be discovered under the sea! We will learn how fish survive. Which different kinds of fish live happily together and which fish are not always friends? Are fish friendly to humans or should we fear fish? Come and find out!

CAMP HOURS:

Two options are available:

Option A: 9am — 4pm

Option B: 8am — 5:30pm

Solar System

July 26th—July 30th

Let's take the time to look up! Planets, stars, the sun, the moon, our changing climate are all topics that will be discussed this week. Are stars big or small? Is the earth turning or is the sun? Or both? How come certain places in the world are warm all year? What do astronauts do? We will answer all of these questions this week.
